Video Release Link: <https://youtu.be/D0J67b4U16Y>

Dr.S.Ramasamy presentation was well received by the audience comprised of Scientist, university professors and students. The presentation was focused to improve the science communication to the masses. The presentation covered the origin of blood pressure traced to our Vedic period and the technology evolved slowly to measure the blood pressure. The objective was to educate the masses how scientifically complex discoveries can be explained in a simplistic way to the non medical professionals and masses.

Dr.S.Ramasamy with Nobel Laureate Dr.Randy Schekman in Mumbai University
